From

The Registrar,

University of Mysore

24 Letter No. 74—223/41-42/A&B 32, 2

Requests sanction to an additional post on Rs. 700-30-850 to the Eng. College, Bangalore, on lie of one of the posts on Rs. 400-25-700 and to appoint Mr. J.P. Das to the post

The reasons advanced for the creation of the ~~post~~ grade 700-30-850 are the following:-

1) There is only one post in this grade against which the Principal has to be continued. Mr Das, Prof. Elec. Eng., who is of almost the same (x) age as the Principal, has no opportunity to get into the higher grade.

2) If Mr. Das had not been recalled from the Elec. Deptt. to the Univ. he would have probably drawn higher emoluments

3) Consequent on the transfer of the Eng. School to the Univ., the work of the Prof. of Elec. Engg. has increased as he has to supervise the School & Vocational classes

4) the V.C is of opinion that Mr. Das's work is quite satisfactory & that he is an able & enthusiastic teacher.

(x) Date of birth
Mr. Ramaswamy — 12-2-94
Mr. Das — 26-11-94

8/12/41

12/12/41

6 When Mr. Das was appointed as Prof. of Elec. Engg. in July 1935, he was allowed by the Dept. to draw his own pay in the grade Rs. 400-30-700 in the Univ. also. (Flag V.) He continued as Ag. Prof. till 13-8-38 and he was confirmed in this appt. from this date. He has been drawing Rs. 700 from 23-12-37, against the grade 400-25-700 sd. in G.O. dt 27-7-39 X. Kind refer is also invited to the Govt Engr's letter dt 17-9-1936 and the rolls at pages 1 to 3 furnishing the brief history of service of Mr. J.B. Das, till his confirmation in this appt. in the College.

Please see if this is re the appointment Mr J.B. Das as Prof. of Engg. requiring Council to be placed from up till

18/12

7 The present proposal is to convert part of the post of Prof. of Elec. Engineering from Rs 400-25-700 to Rs 700-30-850 & to promote Mr. Das thereto.

8 It is for consideration whether the pay of the post itself has to be changed or revised as proposed, or Mr Das given a personal pay a grade in view of his satisfactory work & stagnation.

MDR 18/12

Serial No.

9 There is only one post of the professor in the Engineering College on 700-30-850 and naturally it will be occupied by the Principal. There is already a proposal to put Mr. E. K. Ramaswami the present Principal in that grade. Mr. J. P. Das Prof of Electrical Engineering is practically of the same age as Mr. Ramaswamy (the year of birth of both being 1894) and is drawing 700 Rs in the grade 400-25-700 since 23.12.37. He will have no scope for promotion, as things stand at present, and he will have to stagnate on the same pay for many more years to come.

10 It is stated by the Vice Chancellor that if Mr. Das had not been recalled to the Union from the Electrical Department, he would in all probability have drawn higher emoluments since many of his juniors in the Department then, are now in higher grades. This is no doubt true. In 1935, when Mr. Das was drawing Rs 610, Mr. Hayath was drawing 550 and Mr. Ramakrishna 400 Rs. Now the former is drawing 1000 Rs and the latter is acting in the grade Rs. 800-50/2-1000. Mr. Das was sent to the Electrical Department in 1934, consequent on the appointment of Mr. Nowdarulla as Prof of Electrical Engineering & Principal, But

Page 120 → 117 → 117

NOTE—Contn. Sheet.

WD 04155—GPB—55,000—23-10-41

Serial No.

later in 1935, he was retransferred to the Engineering College when Mr Snowdaville went on leave and subsequently appointed as Chief Electrical Engineer. In the letter of the Registrar of the University dated 27-8-1936 in file no 149-34, it is noted that when Mr Das ~~went to~~ was transferred to the Electrical Dept his lien was not continued in the University. This is borne out by the Civil list of 1935. Though it may not be quite appropriate now to quote what he wants have for if he had continued in the Electrical Department for the purpose of ~~claiming~~ urging for higher ~~app~~ emoluments, yet these factors deserve to be taken into consideration while deciding as to what relief should be given on Mr Das representation.

(C.B. 149-34-16)

11 The proposal of the University is to sanction one post of 700-30-850 in lieu of one of 400-25-700 and to appoint Mr Das to such post. As there are only 4 posts of Professors in the Engineering College including that of Mathematics on a fixed pay of 350 Rs, it may not be desirable to have two posts on the superior scale of 700-30-850 Rs. If Mr Das is to be given that grade, it may only be made

A grade of Rs. 700-30-850 for G. P. Das

personal to him.

12 for orders.

(Genl Secy) 8/9.2.42

GENERAL SECRETARY. 19 FEB 1942 4974

13 Mr Das seems to deserve some consideration - He has been drawing Rs 700 for the last 4 years & there is no prospect of his getting any time more before superannuation, in the normal course of events. It is not desirable to create another grade post in grade Rs 700-30-850 as it will be duplication of the grade held by the Principal. I would suggest that a grade Rs 700-50/2-800 may be sanctioned, as personal to Mr Das, against his present grade of Rs 400-25-700. This will be somewhat lower than the grade held by the Principal & give him also some relief. (Consult Case)

OFFICE OF THE MINISTER FOR EDUCATION
Date 12-8-42
No. 816

NOTE—Contn. Sheet.

WD 04155—GPB—55,000—23-10-41

Final Note by the Minister for Education.

Subject.—

Proposal to sanction the grade pay of Rs.700-30-850 to Mr.J.P.Das, Professor of Electrical Engineering, College of Engineering, Bangalore.

42. The accompanying papers relate to the representation of Mr.J.P.Das, Professor of Electrical Engineering, College of Engineering, for promotion to the higher grade of Rs.700-30-850.

43. Mr.J.P.Das was first appointed in the Engineering College as Professor of Electrical Engineering on a pay of Rs.460/- in the grade ofRs.400-30-700 in December 1929. He was transferred to the Electrical Department in 1934 consequent on the appointment of Mr.F.N.Mowdawalla as Professor of Electrical Engineering and Principal, Engineering College. He worked for about a year as Superintendent of Electric Works at Sivasamudram on his own pay of Rs.580/- in the grade of Rs.400-30-700, and he was retransferred to the Engineering College in 1935.

44. There is only one post of Professor on Rs.700-30-850 in the Engineering College and Mr.E.K.Ramaswami, Principal of the College is holding it. Mr.Das is practically of the same age as Mr.Ramaswami and is drawing a pay of Rs.700/- in the grade Rs.400-25-700 since 23rd December 1937. He has no scope for promotion as matters stand at present and he will have to stagnate on the same pay for many more years to come. Besides, if he had not been re-called to the University from the Electrical Department in 1935, he might in all probability, have drawn higher emoluments since his junior Mr.Ramakrishna is now acting as General Superintendent of Generation in the grade of Rs.800-50/2-1,000. Further, after the Engineering School was taken over by the University, the supervision of Electrical Laboratories of the School and vocational classes has been added to the duties of the Professor of Electrical Engineering. The University Council which considered the representation of Mr.Das, have resolved that Government be requested to

sanction an additional post on Rs.700-30-850 in lieu of one of the posts on Rs.400-25-700 and that when the post is sanctioned, Mr.J.P.Das be appointed to it.

45. The question was considered at a meeting of the Council of Ministers held on the 4th and 5th August 1942, when the following resolution was recorded:-

> " Mr. Das may be appointed Professor in the first class on Rs.700-30-850 and given the place, according to his rank. The number of First Class Professors need not be increased."

46. I solicit that the resolution referred to above may be graciously approved.

Bangalore,
17th Aug.1942.

MINISTER FOR EDUCATION.

Submitted to His Highness.

47. I submit herewith a Final Note by the Minister for Education regarding the proposal to sanction a higher grade of pay, namely, Rs.700-30-850 to Mr. J. P. Das, Professor of Electrical Engineering, College of Engineering, Bangalore, for His Highness's gracious approval.

Higher grade pay to mr. J.P. Das, Prof. of Elec. Engineering

General and Revenue Secretariat | File No. | of 194 | [App. F. III—2

Serial No.

49. Submitted with the draft of a G.O.

50. The Resolution of the Council of Ministers is as under:—

"Mr. Das may be appointed Professor in the First class on Rs 700-30-850 and given the place, according to his rank. The number of First class Professors need not be increased".

In this connection the following points are submitted:—

52. In the University there are eight posts of Professors, First class, carrying the grade pay of Rs 700-30-850 and they are ~~allocated~~ as follows:—

Seven: A&S and Science colleges

One: College of Engineering.

Mr A.B. Mackintosh, mr J.C. Rollo, Dr A. Subba Rao, Dr M.V. Gopalswami, Dr B. Sanjeeva Rao and mr K.S.K. Iyengar are now holding the first six posts in the Civil Colleges and the seventh one is now Vacant. In the Technical College, mr E.K. Ramaswami, ~~is~~ is counted against this post.

53. If the intention is to amalgamate all the eight posts on Rs 700-30-850 in the University and fix the ranks of mr Das

Question of relative rank of certain Prof.s. in the First class

File No. of 194 | General and Revenue Secretariat

Serial No.

66. It is for the first time that the relative position of these offices in the grade of Professors is proposed to be fixed on a general basis. I think the position may be fixed on the basis of the dates on which they have been promoted to the grade Rs 700.30.850. It will be as marked at A on the previous page.

Edn Minister) 8/9/42

67. 11.9.42

68. Submitted
A statement (No II) as previously instructed is put up
12.9.42

69. I have got prepared the statement showing the rank of the officers according to the date of entry into service & the dates of pay for grade. As in the Agr. Educ. Dept., promotion were given to higher posts in the institutions in which vacancies occurred without reference to their seniority in the institution. The principle on which such ranking should be fixed may be considered in Council

Secy) 16/9

70. I do not see any practical use of determining the relative rates of seniority of these officers. If the Edn Minister agrees the question need not be pursued now

EDUCATION

3rd February 1942.

FROM

DR. C. S. PICHAMUTHU, B.Sc., PH.D. (GLAS.), F.R.S.E., F.G.S.,
REGISTRAR, UNIVERSITY OF MYSORE,
MYSORE.

TO

GENERAL SECRETARY
4 FEB. 1942

J. Appaji Gowda, Esq., B.A. (Hons.),
General Secretary to the Government of
His Highness the Maharaja of Mysore,
BANGALORE.

Sir,

I have the honour to refer to Government Order No. E. 330-4/Uni.113-36-7, dated 27th July 1939, sanctioning the revision of the scales of pay of the teaching staff of the College of Engineering, Bangalore, I am directed to state that only one post on a pay of Rs.700-30-850 has been provided for therein and the Principal of the College has naturally to be appointed to it. In the circumstance, there will be no opportunity for other senior members of the College to get into the higher grade especially when the Principal and the senior-most member happen to be of almost the same age.

Mr. J.P. Das, Professor of Electrical Engineering in the College having represented his case for promotion to the higher grade Rs.700-30-850, the subject was considered by the University Council at the meeting held on the 17th January 1942 and it was resolved that Government be requested to sanction an additional post on Rs.700-30-850 in lieu of one of the posts on Rs.400-25-700 and that when the post is sanctioned Mr. J.P. Das be appointed to it.

I am to add that it is believed, Mr. Das, if he had not been recalled to the University from the Electrical Department in 1935, would in all probability, have drawn higher emoluments, since many who were his juniors in the Electrical

P.T.O.

Department ~~in 1935~~ are now in grades higher than his present grade.

Further since the Engineering School was taken over by the University, the supervision of the Electrical laboratories of the School and Vocational classes has been added to the duties of the Professor of Electrical Engineering. The Vice-Chancellor desires to add that Mr. Das's work has been quite satisfactory and he is an able and enthusiastic teacher.

I am to forward herewith a copy of the Council's resolution and to request you to be so good as to obtain sanction of Government to an additional post on Rs.700-30-850 to the College of Engineering, Bangalore, in lieu of one of the posts on Rs.400-25-700 and to appoint Mr. J.P. Das to the post.

I have the honour to be,

S i r,

Your most obedient servant,

Chas Ramamurthi

Extract from the Proceedings of the Meeting of the University Council held on The 17th January 1942.

SUBJECT:

~~G. S.~~ Memo. No. 998, dated 9th August 1941, from the Principal, College, of Engineering, forwarding the Representation from Mr. J.P. Das, Professor of Electrical Engineering, in the College, requesting that he may be given the grade Rs.700-30-850.

Resolution.

RESOLVED that Government be requested to sanction an additional post on Rs.700-30-850 for the Engineering College in lieu of one of the posts on 400-25-700 and that when the post is sanctioned Mr. J.P. Das be appointed to it.

CB

UNIVERSITY OF MYSORE

CB 32-42-3

Mr. E.G. McAlpine,
Vice-Chancellor.

MYSORE,
Camp: Bangalore,
Dated, 21st September 1942.

Dear Mr. Appaji Gowda,

"E"

I am writing to invite reference of Government to their letter No.1377/C.B. 32-42-2 dated 10th September 1942 addressed to the Registrar in which it has been ordered that a vacancy reserved for a Professor in the Arts and Science Colleges has been transferred to the Engineering College. The letter under reference was placed before the University Council at their meeting on Saturday, 12th September 1942 and it was unanimously resolved by the Council that I should represent to Government the great undesirability of depriving the Central and the Maharaja's Colleges of a senior post specifically reserved for them in the salary re-organisation scheme of 1935. In the Arts and Science Colleges there are altogether 23 Professorships, 16th on the lower scale and 7 on the higher scale. In the Engineering College, of which a separate re-organisation was made by Government, there are 3 Professorships, one being on the higher scale and two on the lower. In proportion therefore the Engineering College are better off than the Central and the Maharaja's Colleges, in that they have one in 3 posts on the higher grade, whereas the proportion in the Arts and Science Colleges is 7 to 23. I was desired by the University Council to say that they have naturally no objection to the promotion of Mr. J.P. Das to the higher grade, provided his promotion is regarded as a supernumerary appointment to the cadre of the Engineering College in the higher grade, one post in the lower grade being in the meantime held in abeyance. The Council were aware of the fact that Mr. Das has been drawing a pay of Rs.700/ longer than any of the Professors in the Central or the Maharaja's Colleges in the lower grade and also that by coming to the College of Engineering he has lost the possibility of better prospects in the Electrical Department. These facts however seemed to the Council to constitute a good reason for giving Mr. Das the higher grade in his own College. The Council felt that it could not but create a feeling of grievance among the Professors in the Arts and Science Colleges if one of the posts definitely reserved for them by Government was now to be taken away and given to a Professor in another institution. The Council felt that Government's present order regarding Mr. Das only solved his personal grievance

by creating other grievances elsewhere. I was desired, therefore, by the Council to request Government to be pleased to reconsider their Order and to give Mr. Das his promotion without adversely affecting the prospects of all the other Professors in the Central and the Maharaja's Colleges.

Yours sincerely,

21/9/42

J. Appaji Gowda, Esq., B.A., (Hons),
